Words of Encouragement

“Yet, surely, there must be some who will fling aside the (cowardly) love of peace, and speak out for our Lord, and for His truth. A craven spirit is upon man, and their tongues are paralyzed. Oh, for an outburst of true faith and holy zeal.”

-C.H. Spurgeon

Pray for the Unreached

Southwest Pashayi People in Afghanistan

Population: 98,000 | Primary religion: Islam
| Percent Evangelical Christian: 0.00%

Ask the Lord to save key Pashayi leaders who will boldly declare the gospel to their own people. Pray that evangelistic literature would soon be made available to the Pashayi. Ask God to send medical teams and humanitarian aid workers to minister to the physical needs of the Pashayi. Ask God to raise up prayer teams who will faithfully break up the spiritual soil of Afghanistan through intercession. Pray that strong local churches would be planted among the Pashayi.

Prayer Requests

- Praise the Lord! The Baumans have found a new space to rent that meets all of their needs. Also, their Night to Shine event last week was a success.
- Chet Peterson - Please pray for him and the team that are traveling to Southeast Asia in April. Please pray for support to be raised and hearts to be prepared for gospel ministry.
- Please pray for Michelle Mason who is going to Winston Salem to see a specialist for her foot again this week. Please pray for relief and safe travels.
- Meghan Larose - A friend of mine, Stacy, will see a vascular surgeon this week and is waiting on his opinion.
- Meghan LaRose - Please pray for another friend who lost her niece suddenly. They are not believers. Please pray for the family.
- UPDATE: Please pray for Ed Snipes who had an appointment with the neurologist last week. At this time, the doctor believes the episodes to be seizures and have placed Ed on medication. So far, the medication is helping ease the seizures, but have other side effects. Please continue to pray for Ed and the Snipes family.
- Anne Bond - Please pray for my daughter-in-law, Molly, who had surgery to relieve symptoms of cervical spinal stenosis. The surgery went really well, praise the Lord! Her headaches and numbness on her fingers are already gone. Swallowing has been difficult, but should improve as the swelling goes down. Please pray for a speedy recovery without complications.
- UPDATE: Breanna Peterson - Please pray for my friend Mary Katherine's baby who is showing signs of trisomy 18. They found out that the baby is a girl. Mary Katherine has an appointment this week. Please pray for no cysts on the baby's brain. Also, please pray for growth of the baby's heart to be able to function with a normal sized body.
- Please pray for Metta Bauman's father. He continues to be in Hospice care.
- UPDATE: Breanna Peterson - Praise the Lord Most High. My friend's husband, Justin Wong, who was recently diagnosed with mesothelioma, had surgery to remove the cancer. After the surgeons went in for surgery, they discovered that the cancer was localized and were able to remove all of it. There is no chemo required at this time. Thank you for your prayers.

Scripture Reading

Consider reading Revelation 21 in preparation for this week's sermon.
